Re: Request for Information- New and Emerging Scientific Issues in Nanotechnology
FDA Docket 2006N-0107

Dear Docket Manager:

The Nanotechnology Panel (Panel) of the American Chemistry Council submits these comments on the United States Food and Drug Administration's August 11, 2006, *Federal Register* notice (Docket No. 2006N-0107) of meeting and request for comments on the new or emerging scientific issues involved in the development and utilization of nanotechnology materials in regulated products. The Panel consists of companies that are engaged in the manufacture, distribution, and/or use of chemicals and have a business interest in the products of nanotechnology.

If you have any questions, please contact William P. Gullledge, Panel Manager, at (703) 741-5613 or via e-mail at William_gullledge@americanchemistry.com

Sincerely yours,
